**Introduction:** This report summarizes a final regulation published in Mexico's "*Diario Oficial*" (Federal Register) on September 13, 2002.

**Disclaimer:** This summary is based on a  *cursory* review of the subject announcement and therefore should not, under any circumstances, be viewed as a definitive reading of the regulation in question, or of its implications for U.S. agricultural export trade interests. In the event of a discrepancy or discrepancies between this summary and the complete regulation or announcement as published in Spanish, the latter shall prevail.

**FAS/Mexico's Executive Summary:** The Secretariat of Treasury published on September 13, 2002, in the *Diario Oficial* (Federal Register), modifications on the custom ports of entry for poultry in brine, HTS 0210.90.03. The port of entry will change from Ciudad Juarez to Colombia in Nuevo Laredo. This change will be in effect 30 days after the publication. FAS/Mexico anticipates that this new announcement will make it more difficult for poultry in brine shipments from certain exporters, most of whose shipments now go through Ciudad Juarez, to be redirected to Colombia in Nuevo Laredo. The new verification points will be ready in October 2002.
